The team that was on defence will be awarded the ball (not "make it, take it".) Three points are scored for a successful shot from beyond the 3-point arc, two points for all other goals from the floor. One point is scored for a successful free throw. After five team fouls, any foul will be awarded two free throws. The ball will be alive if the second free throw is missed. If both free throws are made, the ball is awarded to the defense as if a team scored during regular play. A player, after committing five fouls, will be disqualified from the game.

	Each team may call one timeout per game. Timeouts are one-minute in duration and the clock will be stopped. The timer will sound the warning horn at the 45-second mark and play will resume at the one-minute mark. If the game is tied at the end of regulation play, a two-minute overtime period will be played after a one-minute intermission. A coin flip will determine first possession. This procedure will be repeated until a winner is determined. Maximum team size – 7 players • Warriors take priority in team formation – Champion competitors cannot replace or exclude Warriors from a team. • A maximum of one Champion may be on the field/court at any one time. • A maximum of two Champions may make up a team.

Competition Format	Round robin consisting of 3 matches • Matches are 15-mins halves with 5-min half time • 2 Pitches will play side by side on one standard pitch
Scoring/Timing	Exhibition Only – Points not allocated

	theassociation/2017-18-final/032_small-sided-football.ashx) except as modified herein. Teams will consist of a minimum of 6 players (nine strongly recommended) and a maximum of 12 Players The match shall be two 15 minute halves. There will be no injury time. Unlimited substitutions using the “roll-on-roll-off” rule are allowed when the ball is not in play. All free kicks are direct and can be taken as soon as the ball is stationary. Free kicks must be taken where the offence was committed, and opponents must be 2 meters from the ball. Players may not shoot free kicks into “walls” of players from the other team. The goalkeeper should wear a shirt that distinguishes him/her from all other players. The goalkeeper can pick the ball up anywhere inside the penalty box area, the regular back pass rule applies. They are allowed to leave the penalty area but cannot handle the ball once outside. Once the ball is placed on the ground, other players are permitted to play it. Goal kicks must be taken from inside the box, by any player. The ball must be kicked from the ground, not thrown (the ball may be thrown if the goalkeeper picks the ball up in play). Sliding tackles are not permitted; an infringement of this rule will lead to a free kick being awarded to the opposition. Arm/elbow contact with the chest will NOT be allowed. If it occurs, it could result in an immediate red card. The taking of a penalty will be in line with the one step rule. Abusive language will be penalized at the referee’s discretion by awarding a direct free kick.
--	--

	If a player commits a foul that would normally result in a yellow card, s/he will be sent off for 2 minutes and the team will play with a one-person disadvantage. The second infraction will result in a yellow card. A third yellow card infraction will mean that the player must leave the game and cannot play in the next game. If a player receives a straight red card, s/he will be sent off, will not be able to play in the next game, and there may be points deducted from the team depending on the offense. If a match is tied at the end of regulation time, the tie will be resolved by a penalty kick shootout. Maximum team size – 12 players • Warriors take priority in team formation – Champion competitors cannot replace or exclude Warriors from a team. • A maximum of one Champion may be on the field/court at any one time. • A maximum of two Champions may make up a team.
